

## About Heirloom Wood

### Water Resistant

Superior tung oil technology locks out water for use around any type of sink.

### Stain Resistant

Protective finish resists common stains and spills. Avoid bleach and ammonia.

### Heat Resistant

Perfect around stoves. Use a trivet for hot pans. Resists boiling water and hot liquids.

### Food Safe

Safe for food contact. Use a cutting board when chopping to prolong finish.

### Renewable Surface

Easily refinished at home in 24 hours with a fresh application of oil every 4-5 years.

## Make It Beautiful

### Colors

Natural variation adds a unique character and personality to wood. Wood develops a rich patina and becomes even more beautiful with time. All countertops are 1-1/4" thick.
